Sub: Payment of the Membership Fees for the City Managers' Association of Orissa for the year 2008-09.

Madam / Sir,

This is to reiterate that the City Managers' Association of Orissa (CMAO) was designed for coordination & development of the sustainable urban management, good governance & project implementation in the Urban centers of Orissa. More specifically, it was created with a view to imparting training and building capacity of the modern day urban managers.

The CMAO is continuing in its venture. But contribution has not been forthcoming from the participating bodies. The CMAO would always seek cooperation of the organisations with whom it is linked and dedicated to their service delivery system. This may not be possible without the precious financial contribution from the participating Urban Bodies & Development Authorities.

It is, once again, requested that the membership fees payable to the City Managers' Association may kindly be paid at the earliest.

Yours faithfully,

Commissioner-cum-Secretary to Government.
